A GROWING NEWSPAPER IN A GROWING COMMUNITY

Volume 53, Number 31. CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA Thursday, April 22, 1948

Our Town

By Peggy Blanchard

Junior Odd Fellows have gayety in mind for our town, come May 8.

They've engaged High School gymnasium for that evening, plus Tommy Pratt's orchestra and will hold a dance for young and old. Ray Thompson, Ray Crawley, Frank Oldham are in committeoe huddle over the details—and they are advised by Walter Silberbauer, Rasmus Nielsen, Ray Gilpatrick, and others of the senior Odd Fellows.

* * *

Campbell's on the map. The W. E. Judge man called this morning with our handsome, large copy of the new California map, complete with population statistics. I'll have to send one to those Eastern relatives who keep complaining they can't find the place in the atlas. Come to think of it, why not show it to the man who edits the atlas?

* * *

St. Lucy's Woman's Club is fixing to hold a benefit card party at 2:15 Friday afternoon, April 30. Mrs. Manuel Fields, Mrs. Gottfried Sonnichsen, Mrs. Joseph Souto and Mrs. Carl Numes are in charge.

The Evening Guild of the same church will meet in the St. Lucy's parish hall at 8 this evening. Miss Louise Spagia and Mrs. Henry Parysek will do hostess honors.

* * *

North and south travel news this week includes a note that Mrs. J. Frederic Snyder is home from a brief stay with Dr. and Mrs. H. A. Judson in Los Angeles. The Judsons visited Dr. and Mrs. Snyder in their Carlyn avenue home recently and Mrs. Snyder drove down with them for a few days vacation.

Mrs. T. J. Burnett returned this week, too, from Los Angeles where she went because of illness in the family.

* * *

A house went by the other morning, as we sat quietly in our swivel chair. Wonder where it was going, so neat and tidy with its lace curtains, clean gray shingles and looking so cozy? It disappeared down Campbell avenue, rumbling along on wheels.

Public Forum On Incorporation

Letters and Comments From Candidates and Readers

BY
John D. Blaine

Editor, Campbell Press.
Sir:

If the Lynch report on relative costs is approximately correct, police protection under a police district will cost 10 times as much as under incorporation.

The judge himself has through the years favored a police district because it has appeared simpler than incorporation. But in the light of the Lynch report it looks as though a police district will be impractical, relatively speaking.

In the letter by five Council candidates it was said, "If there is not nearly perfect police protection, our people will complain and there will be charges of incompetency, graft, etc." Is such protection as we have now nearly perfect? Is any human institution at all nearly perfect?

Such police protection as we have now is almost enough to drive a judge to lunacy. But there is no charge of graft. It just is that part-time arresting officers can't do the impossible.

As for people complaining, they don't complain half enough, as we all ought to know. The public tends to be apathetic, especially the "good" public. After years of muck-raking Lincoln Steffens said that apathy of the good does more harm than wickedness of the bad.

If our police prove to be drunken bums the judge will probably be the only one who does much complaining about it.

Public apathy ought to be scandalous, but it isn't. It's merely platitudinous. In 21 years of office the judge himself has not received 10 direct complaints. And there is nothing to be done about it.

If Campbell incorporates, the fate of this community will be in the hands of its elected officials,

(Continued on page 8)

BY
H. M. Shadle

Editor, Campbell Press.
Sir:

I read a letter, with a great deal of interest, in last week's Press, signed by five gentlemen whose names appear as candidates for Councilmen in the forthcoming city election.

These men are all reliable business men and would give the city good conservative government, if elected. However, it seems to me that they are stressing the possible costs, to the detriment of the good that would accrue from incorporation.

A city government will assume responsibilities, to be sure, but there are many sources of income, besides taxes, that help to pay for these added responsibilities. A new city should not be expected to "spring full panoplied from the head of Jove" as did Minerva. We must walk before we run. In other words, there would be no need to start a city-wide street improvement program immediately or hire full time employes for every job. One person could easily handle several jobs.

We, as citizens, should be willing to assume extra responsibilities in order to have the kind of a community we want. The cost in actual dollars will be little more than we are paying now. The real cost to the individual citizen will be work and plenty of it. One of the greatest threats to our democracy is the apathy of the people. We should value liberty and self expression very highly, and be willing to pay for it without grumbling.

Garbage disposal and utility franchises are sources of income not mentioned in their letter. City sales tax and parking meters should not even be thought of.

(Continued on page 8)

BY
Council Aspirants

To the Campbell Voters:

We have given consent for our names to be used on the proposed city council panel which will appear on the ballot for incorporation. Five of our fellow candidates have written a letter raising several questions regarding the wisdom of incorporation, and in endeavoring to answer these gentlemen, we want it understood that we are not particularly rivaling them for public office. We are trying to give the people a complete picture of what is involved in a change in our civic status.

We can feel very fortunate that the voters have a wider choice than they had in the last campaign when there were only five candidates. That was "take-it-or-leave-it." Now there is a field of 10 to choose from. Also we are glad that these gentlemen had the courage to express their views openly instead of running for cover like some do who are afraid of offending their customers or their landlords. We realize that this is a two-sided issue. They have portrayed one side of the picture. We would like in this letter to portray the other side of the picture.

Our friends went on at great length concerning our city overhead that would result by incorporating. We would have to rent a building for a city hall, hire office help, maintain a police force, fire department, sewer administration, planning commission, and repave all the streets, etc. They think that our incorporated territory is too small and that our city government cannot be supported on a low tax rate. At least they have serious doubts in the matter. Let us bear in mind a few important facts:

1. The state law of municipal-

(Continued on page 8)

BY
W. C. Bohnett

Editor, Campbell Press.
Sir:

If your columns are open for a little criticism I should like publicly to ask—Why is the Press trying to kid its readers, or itself, on the tax question, as related to the proposed incorporation of Campbell? It was stated recently in "Signs of the Times" that very little of our tax money is now used for our town. This statement simply is not true. Using approximate figures our tax rate of $5.00 breaks down as follows:

Sanitary—.80—all for Campbell.
Fire—.32—all for Campbell.
Light—.26—all for Campbell.
School—1.87—all for Campbell.
County—1.75 — proportionately for Campbell and the county generally.

Without citing a specific statement, the inference from the editorial columns of the Press has been that incorporation will not materially increase our taxes. This inference can hardly be substantiated. If we incorporate, the county tax rate remains substantially the same but we lose some very substantial services now performed by the county and the only money we will receive to offset this loss of service will be some "kick backs" from the State which will not cover the value of the services lost.

If we incorporate it will cost us considerably more in taxes just to keep our present standard of services. Every increase in services which we make will add to those taxes. If we are prepared to spend sufficient money we could give our community a "face lifting" but with the limited taxable area now provided for we would have to go the limit on taxation, penalize our merchants with heavy license fees, then raise more money

(Continued on page 8)

BY
Earl C. Buck

Editor, Campbell Press.
Sir:

In last week's issue of the Campbell Press five candidates for councilman stated in their article that money would be needed for various purposes immediately upon becoming incorporated. They listed so many things that it seems the people reading it would be discouraged and not wish to incorporate. While it is recognized that certain expenses such as salaries for the city clerk, city treasurer, police and fire chief would have to be met, ways and means can be set up for taking care of those things. A newly incorporated city is without funds but those funds can be borrowed against the taxable income of the city for the fiscal year. I propose that the city if incorporated should operate the first year on one third of the taxable income and the second year on two thirds budget and in the third year we should be able to operate on a full budget and begin acquiring city equipment, etc.

Rome wasn't built in a day. Certainly the people of Campbell do not expect the impossible Let us not be discouraged. If we want incorporation, where there is a will there is a way. Other communities have accomplished it, surely Campbell can do likewise and become a very fine city.

Respectfully submitted,
EARL C. BUCK,
Candidate for Council.

Vote in favor of self-government on May 25. Vote for incorporation and the dawn of a new day for fast-growing Campbell. Put the power to plan in the hands of your own townspeople, give them the right to correct the failures and short-comings of the present system of County Government. Place your "X" in the yes square.

Signs of The Times

By HARRY BLANCHARD

The future fate of the town of Campbell, as a political entity or a large, over-grown suburb of San Jose is almost at hand. Campbell's citizens will go to the polls on May 25 to decide the destiny of their home town.

x x x

An upsurge in the spirit of the incorporation has been felt in just the past few days. A much more lively interest is developing in the movement. The 10 men chosen by their constituents to compete for five city council seats are showing signs of increasing the tempo of their heretofore mild campaigning. None of the men have gone all out in an aggressive campaign up to this point, but in interviews with the Press they have very clearly stated their cases.

x x x

Earl Buck, one of those running for council said, "I am most certainly for the incorporation of the Town, If I was on the fence I wouldn't run. . . . I believe in Campbell and its future, and I believe we must incorporate now to protect ourselves against the injustices that can further encroach upon us without our own town government."

x x x

Roy Ford, another prospective councilman has this to say, "I personally would be greatly affected by future zoning laws, or any great changes in our tax structure. I own considerable property here and I am sincerely interested in seeing Campbell progress and take her rightful place in the county and the state. Campbell deserves more than it is now receiving in returns for our tax money. If we incorporate now we will at least have the opportunity of guiding and governing ourselves. I feel strongly that the time has come and that in justice to ourselves and our families we must protect our future by incorporating now."

x x x

James Brand, another councilmanic candidate, has this to say, "I was for incorporation last year and I'm for it this year. I believe that in co-ordinating our civic functions in our own local government we will do better than to be administered by a disinterested group. County government for an area as large as Campbell can't be administered as efficiently as we can do it for ourselves. We, the people who live in this immediate area, and own property here, are much more vitally interested in our own problems and our future than we have any right to expect an outside group to be. There isn't any question in my mind, it's been made up for a long time. I'm for taking the step of progress . . . incorporate now."

x x x

State Revenue for Campbell

Perhaps the public is not fully aware of the amount of revenue that will automatically accrue to Campbell as an incorporated city. A brief review of this matter may help to clear up some doubts as to just where the city receives funds with which to operate.

The motor vehicle "in lieu" tax provides a split of motor vehicle license fees with cities and counties. After state administrative funds have been deducted the cities and counties split this fund right down the middle. The revenue amounts to $2.40 per capita. That is, if Campbell has a population of 4000, the amount of money due back to the city would be approximately $9600. Further, 100 per cent of all monies received by the Board of Equalization for both "On Sale" and "Off Sale" liquor licenses (annual fees) is returnable to the incorporated city. This revenue amounts to several thousand dollars annually. Another state collected tax, paid daily by all of us is returnable to the city, namely the gasoline tax. The law provides that 5/8ths of one cent of gas tax levied shall be paid back to the city from whence it came. This figure may not sound very prepossessing but consider it in this light . . . that 5/8ths of a cent amounts to $2.48 per capita. That is an amount to be reckoned with . . . and one in which the two previously mentioned sources of revenue we do not now receive. The total of these state collected taxes provides about 35 per cent of the revenue the city would receive under incorporation. As matters stand now we receive not one penny from any of these sources. The state did not intend it to be that way, but in practical operation that is the way

(Continued on page 8)

Dedications To Highlight Public School Week

Dedication of Moreland, Moorpark and San Tomas Schools will highlight Public Schools Week here April 26 through 30.

Moreland school district is said to be the oldest in the state and it boasts one of the newest and most modern additions in Northern California. It's this new wing which has been studied by educators from all parts of the West that will be dedicated in special ceremonies Wednesday, April 28.

San Tomas and Moorpark Grammar Schools, just completed and occupied, also plan gala celebrations for education week.

Campbell High School, Campbell Grammar School, Cambrian and Union Grammar Schools also plan open house days for parents and programs to acquaint the public with the work of Campbell schools.

KSJO to Broadcast Campbell News

News of Campbell is now broadcast each Thursday at 10 a.m. over KSJO ,1590 on your radio dial), as a feature of Santa Clara Valley News over this station at the same hour every day.

The Campbell Press today introduces a new feature, too—a handy radio log of KSJO programs for every day and hour of the week. Clip it and listen in to your favorites.

Carrier Routes Replacing RFD's

Mail carrier service in Campbell will be extended by the addition of two new routes, Ira H. Grim, postmaster, announced this week.

House numbers are replacing rural box numbers for scores of householders this week in preparation for the new service which will begin within a few days.

Welcoming Smile Greets Local Bank

They are shown in the attractive office of the bank, in the former of American Trust Company Bank in Campbell, is Cecil J. Carr, local grocer, who was one of many Campbell businessmen to welcome the "new" bank to town during the past week and a half. Getting acquainted with Manager Joaquin J. Payne, left, post office building, recently remodeled to serve the community with its own banking facilities. —Photo by Allen

Local 4-H Club Formed

Santa Clara County now has 19 4-H Clubs, according to George Shambrook, Assistant Farm Advisor, Agricultural Extension Service, who organized a new club at Campbell April 14. There are 10 boys and girls enrolled as charter members of this new club. The leaders of the club are H. Y. Rice and Mrs. Genevieve Phillips.

The club was organized after the boys and girls, and their parents heard Shambrook explain the purposes of the 4-H Club program, and how it works. At the organizational meeting officers were

Sponsors Honor League Teams

Dinner and entertainment for four local teams wound up the Adult Basketball League season Thursday night as their sponsors were hosts.

The dinner was given by Maderis Food Mart, Campbell Hardware store, Tony's Busy Bee and Fred E. Jones in Club Flamingo. Enthusiasm for the excellent playing and sportsmanship throughout this year's games prompted the affair. Sponsors of the league hope that future games will draw a larger attendance. The games are free to the public.

Town and Country Style Shopping Center Planned For Campbell Area To Serve 40,000

If present plans materialize, and it seems almost certain they will, the Campbell area will be served in the grand manner by a super Town and Country shopping center within the next few months.

Plans are underway for developing a 40-acre tract on the southeast corner of Hamilton avenue and Los Gatos Highway. The property is owned by the Mayfair Packing Co., and fronts 1300 feet on Hamilton avenue.

The project will be similar to one now operating near Sacramento which occupies 10 acres and provides retail buying facilities through some 52 stores and shops. Parking facilities, with easy access and egress will be provided to accommodate 2700 automobiles.

San Jose realty dealer, Earl Smart, is handling local arrangements. Three large insurance companies are understood to be underwriting the venture. At a meeting with the Santa Clara County Planning Commission on Wednesday architectural plans were exhibited calling for the erection of a series of stores built around an interior court. Every conceivable type of business which serves the general public will have store space within the area.

The magnitude of the plan stretches the imagination, and yet is entirely feasible due to the planned lay-out of the stores and parking facilities. It will be, upon its completion the largest venture of its kind ever to be installed in Santa Clara County. A recent trade survey shows that the center would cater to about 40,000 people residing within the trading area of the project.

The matter is now before the County Planning Commission for

C of C To Meet Evenings, Open Headquarters

Headquarters for Campbell Chamber of Commerce will be opened in the near future at 229 E. Campbell avenue, it was announced Wednesday at a luncheon meeting in Country Woman's clubhouse.

The offices are soon to be remodeled and will be offered for use as a meeting place for the city council should the May 25 election result in the incorporation of Campbell.

An information service for the public will be maintained and directors of the Chamber will hold their meetings in the central location.

Two dinner sessions each month in the future will replace the regular noon luncheons, beginning May 5, as result of a vote taken Wednesday.

Kiwanians Meet With Los Altans

Campbell Kiwanis members provided a musical program Tuesday for an inter-club luncheon in Los Altos.

Campbell's a capella choir sang, under the direction of Frank Triena, and Katherine Fuller played a flute solo. She was accompanied by Irma Saunders.

Earle Stanley of the Los Altos club, and Clarence Nelson, president of the Campbell Club, were co-chairmen.

State Ready To Distribute Liquor License Fees

Liquor license fee revenues amounting to $1,882,454.77, representing the half-year period from July 1, 1947, to December 31, 1947, are soon to be distributed to the cities and counties of the State. This is the 24th such allocation.

In making this announcement, George R. Reilly, member of the Board of Equalization from the First Equalization District, explained that this particular allocation made under the change in the law effective September 19, 1947, is of a mixed nature. The State is retaining one-half of the fees earned in the period of July 1 to September 18, 1947; but of the fees earned for the period of September 19 to December 31, 1947, 100 percent is being returned to local governments. In future allocations, 100 percent of all these license fees will be returned to the local communities.

Of this current allocation of $1,882,454.77, Santa Clara County will have returned to its unincorporated area $12,495.63.

Tennis Team Wins, Loses

Campbell High's young but ambitious tennis team trounced Washington, 5-0, last week, but lost to Santa Clara University frosh 6-3 on Monday.

Country Woman's Club Elects at Its Forty-Second Annual Session

Country Woman's Club of Campbell elected Mrs. F. A. Jacobson, president, and other officers, and heard reports from an imposing list of committees at its forty-second annual meeting Monday afternoon.

Chief among their contributions to their community, women of the club have provided quarters for the free county library branch of Campbell, so it was natural that they should include a full report of its activities in their annual meeting.

On the business agenda for the day, too, were the sponsoring of a second group of the Horizon Club; voting Mrs. Robert Kennedy honorary membership; and a clothing collection for girls of the juvenile hall. Members and friends are requested to bring articles of clothing, especially socks, to the club hall on Monday, April 26, from 1 to 2:30 p.m. These clothes are urgently needed.

As the afternoon began Mrs. G. H. Parker led the salute to the flag and members joined in singing God Bless America, with Mrs. David Rutherford as accompanist.

Formally opening the session for the annual meeting was the reading of the membership roll by Mrs. David Sanders, followed by reports of officers who had served during the past year. These officer reports were read by Mrs. I. H. Grim, Mrs. F. A. Jacobson, Mrs. J. M. Dahl, Mrs. C. E. Hancock, Mrs. D. A. Sanders, Mrs. Laurance Hill, and Mrs. Frank Coombs.

Standing Committee reports were given by Mrs. George Jeffers and Mrs. Guy Farley, program; Mrs. J. C. McBain, house; Mrs. Carl Field, renting; Mrs. J. C. Collins, historian; Mrs. R. J. Flagg, publicity; Mrs. G. H. Parker, patriotic; Mrs. W. R. Morgan, child welfare; Mrs. Ralph Hyde, library, who also introduced Mrs. F. B. Peake, librarian of the Campbell Library. Mrs. Peake gave a most illuminating report covering the actual figures of the work done at the library during the past six months. There are approximately 7500 books in our town library with a membership of approximately 3200, membership having increased by 200 during the last six months. There were 14,336 books circulated in this six months period with a monthly circulation of about 2700 books. Gifts of books were acknowledged from the following persons: Mrs. H. F. Cousins, Mrs. I. H. Grim, Mrs. Ralph Hyde, Mr. and Mrs. H. M. Shadle, Miss Hattie DePuy, Mr. and Mrs. R. B. Hummel, Mrs. Lavinia Grattan, Mrs. Peter Heinzen, Walter Stray, Robert Wellington, Mrs. Hoehner, Methodist Church of Campbell, Campbell Garden Club, Christian Science Church of Los Gatos.

Mrs. Sue Boyce read the report of the nominating committee and members voted to office the following: President, Mrs. Frank A. Jacobson; first vice-president, Mrs. J. M. Dahl; second vice-president, Mrs. R. J. Flagg; treasurer, Mrs. Henry Miller; recording secretary, Mrs. Laurance Hill; corresponding secretary, Mrs. T. T. Cowper; parliamentarian, Mrs. I. H. Grim; directors-at-large, Mrs. B. T. Morgan and Mrs. L. E. Hendricks.

Tea was served during the afternoon by the board of directors which include the names of Mrs. I. H. Grim, Mrs. F. A. Jacobson, Mrs. J. M. Dahl, Mrs. C. E. Hancock, Mrs. D. A. Sanders, Mrs. H. F. Cousins, Mrs. Laurance Hill, and Mrs. Frank Coombs.

ALL FORMAL, ALL WASHABLE

Miss America of 1947 (center), Barbara Jo Walker of Memphis, and other models show a completely washable wardrobe of formal attire at a recent convention of laundry-owners. Miss America's evening gown is of white chintz. The model at her right wears an evening gown of striped cotton. Other gowns, left to right, are a jacket-and-dress set of cotton, a bridal gown of cotton pique, an evening suit of cotton velvet and an evening gown of cotton velveteen. The style show at which this photo was taken was part of a demonstration of how manufacturers are working with the laundry industry to produce new washable fabric marvels.

D. T. Crook Family Moves To Town

Mr. and Mrs. D. T. Crook and their daughter Shirley have recently moved to Campbell from Alameda and now live at 126 Bland avenue.

Mr. Crook was transferred here from the Oakland plant of the Pacific Telephone and Telegraph company. Shirley is a junior in Campbell Union High School.

First Wedding Mass Read in St. Lucy's for Bebeau-McCoy Rites

Miss Glennis Gertrude McCoy became the bride of Richard Bebeau Monday morning, April 5, when the couple exchanged vows in St. Lucy's Church in Campbell before Rev. Dennis Kennelly of St. Lucy's.

Their marriage marked the first high nuptial mass to be solemnized in St. Lucy's church. Mass servers were Delmar McCoy, brother of the bride and William Halland of Campbell.

The bride wore an aqua suit with brown accessories with a corsage of pink camellias and was given in marriage by her father, C. N. McCoy. Her maid of honor was Miss Elizabeth Miranda who was gowned in a gray suit, black accessories and a red rose corsage. The bride's mother wore a dark blue suit with black accents and a gardenia corsage.

The altar was banked with white calla lilies, Easter lilies and fruit blossoms.

The new Mrs. Bebeau is the daughter of Mr. and Mrs. C. N. McCoy of 69 North Second street. She is a graduate of Notre Dame High School in San Jose.

The bridegroom's mother wore an ash-rose dress with white accessories and a gardenia corsage. Serving as best man was Dominic Azevedo of Santa Clara. Mrs. Ira Grim played the organ. Mr. Bebeau is the son of Mr. and Mrs. Archie Bebeau of Santa Cruz. He attended Bellarmine College in San Jose and served two years in the Navy. He now operates a service station in Santa Cruz.

After the ceremony a reception was held in Luca's Cafe in Santa Clara with 35 guests congratulating the bride and groom as they cut a three-tiered wedding cake. Decorations were in the wedding motif with two doves carrying silver rings.

MRS. RICHARD BEBEAU
—Bushnell Photo

The young couple reside in Santa Cruz since their return from a 10-day wedding trip to Los Angeles and Lake Tahoe.

VISITING IN L. A.

Mrs. Frederic J. Snyder of Carlyn avenue visited Dr. and Mrs. H. H. Judson of Los Angeles this week.

The Judsons were recent guests of Dr. and Mrs. Snyder here and Mrs. Snyder returned south with them for a visit.

Rebekahs Hold Guest Night

Guest night was observed April 20 by members of the Ada Rebekah Lodge with Noble Grand Irene Hodges presiding.

Among the distinguished guests present for the meeting were Ida Brugge, trustee of Childrens Home in Gilroy; Mabelle Taylor, District Deputy President of District Three; Ruth Bettenger, Past President of Theta Rho Assembly; Bessie Bettenger, President of Theta Rho Board of Control, and Mr. Walter Silberbauer, District Deputy Grand Master of District Twenty.

Other guests included Past District Deputy Presidents of this district and other districts and officers from various lodges in the district.

Dora Bernadasci and her committee served refreshments at beautifully decorated tables.

The next meeting on May 4 will be nomination of officers for the ensuing term.

Moreland PTA Card Party

A benefit whist party will be held at the Moreland School Clubhouse Friday, April 30, at 8 p.m., under the auspices of the Moreland Parent Teacher Association. The clubhouse is located on the corner of Saratoga and Payne avenues.

After the games homemade cakes will be served by the refreshment committee.

Philip Nelson Claims Bride

Miss Polly Ellingwood and Mr. Philip Glenn Nelson were united in marriage Sunday, April 4, in the Aromas Baptist church with Rev. Henry Olson of Watsonville officiating.

For the ceremony the bride wore a gown fashioned with a white satin bodice, marquisette sleeves and skirt and carried a bouquet of white carnations and white orchids. Her fingertip veil was held in place by a cornet studded with seed pearls.

Serving as maid of honor was her sister, Miss Mildred Ellington who wore a pink formal frock. Her bridesmaid was Miss Marian Rackley of Watsonville who wore a blue gown. Both attendants carried colonial bouquets of pink carnations and blue iris and both wore matching headbands of rosettes.

Mrs. Harry C. Ellington of Watsonville, mother of the bride, wore navy blue with rose accessories and Mrs. Hugh Nelson, mother of the bridegroom, was gowned in green with black accessories. Both mothers wore gardenia corsages.

Mr. Nelson's best man was Robert Samford of Campbell. Herbert Ellingwood, brother of the bride, William Samford and William Morgan of Campbell were ushers.

The bride was given in marriage by her father, Mr. Harry Ellington.

Music for the service was played by Mrs. Barney McCarter played "Oh Promise Me," "I Love You Truly" and Lohengrin's Wedding March. She also accompanied Douglas Spence who sang a solo and Connie and Della Schanaus who sang "A Dawning."

A reception was held in the church parlors which were decorated with greens accentuated with white flowers and daffodils. The bride and groom cut the four-tiered cake which was served by Miss Mildred Weeks and Miss Wanda Hancie.

The bride is the daughter of Mr. and Mrs. Harry C. Ellington of Watsonville, and the bridegroom the son of Mr. and Mrs. Hugh Nelson of Campbell. The couple will reside on Kennedy avenue in Campbell.

Miss Audrey Auerbach of Campbell, a student at San ose State College, has been pledged to Sigma Kappa, a social sorority.

Social and Club Notes

Apron Tea Committees Listed By Women's Guild

Plans have been completed for the Apron Tea to be held at the Campbell Congregational church, April 29, sponsored by the General Women's Guild.

A program beginning at 2:30 p.m. will precede the sale of aprons and serving of tea. A book review of Joshua Loth Liebnan's "Peace of Mind" will be given by the Rev. Robert Carlson, pastor of the church. There will also be several musical selections with Mrs. Ray Martin as soloist.

Committee members for the affair include: Program, Mrs. C. E. Williams, chairman, assisted by Mrs. Stanley Smith, Mrs. Johanna Flohil, Mrs. Blanche Waters and Mrs. William McLaren.

Refreshments: Miss Grace Andrews, chairman; Mrs. Hulda Collins, Mrs. Mary Hack, Mrs. Bonnie Waugh, Mrs. Adele Rise, Mrs. Elsa Jensen, assisting.

Decorations: Mrs. Emily Duncan, chairman, assisted by Mrs. Elena Robinson and Mrs. Virginia Currie.

Aprons: Mrs. Henry Young, chairman, assisted by Mrs. Mary Blair, Mrs. Fred Jones, Mrs. Lloyd Selig, Mrs. Merle Bohnett and Mrs. Hallie Harris.

Serving: Etheleda Minehart, chairman, assisted by Mrs. William Bohnett, Mrs. Howard Smith and Mrs. Stanley Smith.

There will be a goodly supply of aprons in colorful, practical and dress-up varieties.

The Navy has sold a total of 419 combatant vessels for scrap or for conversion to peacetime pursuits.

Committee Heads Announced by Campbell PTA

Officers of Campbell Union High School PTA were installed by Mrs. Jessie Pott, past district president, April 14. Those to serve for the next year are: Mrs. James Gleed, president; Mrs. George D. Robertson, first vice-president; Mrs. Glen Campbell, second vice-president; Mrs. J. D. Cantoni, secretary; Mrs. Dave Sanders, financial secretary; Mrs. R. L. Allinger, treasurer; Mrs. Ray Wood, historian; Mrs. A. A. Weltz, parliamentarian, and Laurence J. Hill, auditor.

New chairmen were announced as follows: Mrs. H. C. Gilbert, membership; Mrs. Dan Gould, publicity; Mrs. G. K. Schrader, finance and budget; Mrs. LBen Howard, magazine; Miss Muriel Carson, parent education; Mrs. James Peterson, Red Cross; Mrs. Mary Dennis, Founders' Day; Mrs. C. J. Klassen, music and inspiration; Mrs. Raymond Flagg, legislation; Mrs. P. J. Rauch, emblem; Mrs. Laurance Hill, health; Mrs. J. W. Knowles, youth welfare; Mrs. George Leigh and Mrs. J. E. Giacomazzi, hospitality, and Mrs. Malcolm Blue and Mrs. Frank Oldham, refreshments.

Mr. Millard Hughes, driver education instructor was the speaker of the day. He stressed the importance of good sportsmanship in driving.

Reports of the District Convention were given by Mrs. Hary Dennis, Mrs. Edna Flagg and Mrs. Alfred Weltz. Mrs. Anthony A. Jurras was elected as representative to the State Convention May 12, 13 and 14.

It was reported that the drapes for the student council room had been finished.

Plans for public school night, to be held April 29, were announced by Mr. L. J. Hill. Drivers education will be featured.

A past president's pin was presented to Mrs. Weltz by Mrs. J. D. Cantoni.

The group voted to make cakes to help the C. S. F. earn money for their annual trip.

The next meeting, which will be a pot luck dinner with faculty as hostesses, will be held on May 19.

* * *

Netops Plan Card Parties

April 23 has been designated by the Netops Council for their card party to be held at 8:30 p.m. in the IOOF hall. The public is cordially invited to attend.

An early meeting of the council will be held at 7:30 p.m. with Veda Folden at her station.

Elmer and Edith Anderson with Pocahontas Veda Folden trailed to Gilroy April 14 to attend the official visit of Great Pocahontas Hazel Shirman.

Members of the Netops Past Pocahontas are planning a card party to be held Tuesday evening, April 27, at 8:30 p.m. in the Women's Club. This will be the second game of the series and everybody is welcome.

* * *

VISITING OLD HOME

Mr. Clarence Brown is "at home" to any of his old friends this week. Mr. Brown has been away from Campbell for 12 years and is now visiting his mother, Mrs. M. Brown at 30 S. First street. He expects to be here for another week or so.

CRIPP FIRE GIRLS

The Firefly Bluebird group Monday elected officers for the coming term. They are: Carol Hansen, president; Anita Burd, vice-president; patricia Baxter, secretary, and Lynn Titus, treasurer.

This group recently made very attractive pottery ash trays. Leaders of the club are Mrs. C. David Baxter, assisted by Mrs. Harley Poor, Mrs. Boyd C. Rappe, Mrs. Hans Hansen and Mrs. C. R. Williams.

Members of the Girl Scout Troop No. 22 wish to thank all those who helped make the annual cookie sale such a huge success.

Many orders were taken to be filled during the latter part of April. Outcome of the sale in this area will be announced later.

Troop No. 22 has completed the very colorful hand-sewn felt mittens which are to be sent to the needy in the American zone in Germany.

At present the girls are rehearsing their parts in a one-act Girl Scout comedy play entitled "Buzzie's Babies."

The troop plans on an "outing" in Alum Rock Park as soon as weather permits.

* * *

Housewarming Surprises Rev. Kennelly

One of the most successful and pleasant surprise parties of the season was the housewarming given Father Dennis Kennelly by members of St. Lucy's Women's Club and their families on last Thursday evening.

The affair was held at the Parish Hall with over 75 people present.

Father Kennelly was presented with a fireplace screen and ensemble by the ladies of the club and also with many beautiful and useful gifts for his new home, including silver, dishes, kitchen utensils, linens and bath room accessories.

The very surprised host made an appropriate speech of gratitude to his parishioners and the evening was high-lighted with a vocal solo "Bless This House," by Miss Ruth Cousins, accompanied by Miss Quinn, a cousin of Father Kennelly.

Mrs. Ira Grim played the piano for community singing and the evening ended with refreshments of homemade cookies and coffee being served by the ladies.

Father Kennelly is now "at home" to parishioners and friends at 119 Rincon avenue.

* * *

WEEKEND VISITORS

Mr. and Mrs. Verne Allen of Giles Way entertained her cousin, Mr. Robert A. Walters of San Francisco and his fiancee, Miss Mary Vitalich of Seattle over the weekend.

Miss Vitalich flew down from Seattle and attended a series of pre-nuptial parties for the young couple here and in San Francisco.

By Anne Goode

If you're lucky enough to be restocking your china supply, don't forget that gold or silver decorated china needs very special care. Use a mild soap and don't stack. Drain on a soft towel or in a rubber-covered dish drainer.

* * *

Red, green or blue purses will have that "new look" longer if you clean them often with a good neutral colored wax-liquid or paste polish. That goes for your shoes, too.

* * *

Saw a fetching hat the other day and the way in which it was trimmed may give you an idea. A simple little white straw, it boasted a wide kelly green ribbon band with a side bow. Under the bow a white feather stood straight up to give a saucy air.

* * *

Something new in the toy department is a cow which moos and can actually be milked— at least that's what the manufacturer claims.

* * *

Having slip trouble? And you've got several that are wearable but too short? Well, why not pep them up with fresh color, then add lace or a ruffle of eyelet embroidery for extra length? Use all-purpose dye, though, for the prettiest colors.

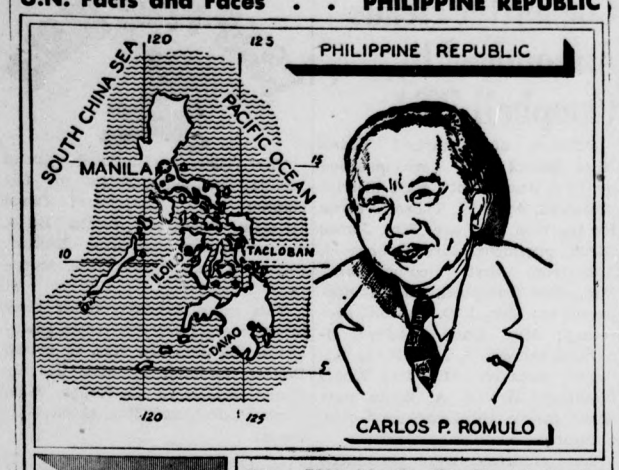
U.N. Facts and Faces . . PHILIPPINE REPUBLIC



Some 7000 islands, the largest in the Malay Archipelago, make up the 115,000 square miles of the Philippine Republic. Made a Spanish colony after its discovery by Magellan on his globe-circling voyage, the area became a possession of the United States in 1898 and gradually was granted an increasing degree of self-government, until it became independent in 1946. With a long coastline dotted with harbors, trade is important to her 18,000,000 people. Sugar, coconut products, tobacco, gold and materials from her dense forests are the backbone of the Philippine economy. The Philippine Republic's permanent representative to the United Nations is General Carlos P. Rómulo. Her flag has blue and red stripes and a golden sun and three stars.

Veterans Urged To Continue Insurance

National Service Life Insurance is designed to serve the veteran in peacetime as it did in wartime—and veteran's need for it is just as great.

A look at the cold statistics reveal that many veterans are more in need of their G.I. insurance now than during the time they were in the service.

According to National Safety Council figures total death casualties for all the services from Pearl Harbor to VJ Day were 261,000. During the same period there were 355,000 people in the United States killed in accidents.

Each week hundreds of young veterans of World War II are killed in peacetime accidents and VA records reveal the tragic story of how many of them allowed their G.I. insurance to lapse only a few months before.

Reinstatement of G.I. term insurance is a simple process—until midnight December 31. Until that time veterans may reinstate term insurance simply by signing a "comparative health statement" and paying only two monthly premiums.

The "comparative health statement" is a simple statement over the veteran's signature to the effect that his health is as good now as when he allowed his policy to lapse.

The Veterans Administration is making every effort to aid veterans in reinstating their lapsed G.I. insurance before the December 31 deadline.

Reinstatement blanks may be obtained by calling or writing the nearest VA office. Trained contact officers will aid the veteran in filling out forms and answer any questions concerning G.I. insurance.

Question: What income provision is attached to the pension that I will get as the widow of a soldier who died in a German prison camp?

Answer: As the widow of a soldier who died in line of duty, you are pensionable under the law regardless of income.

Question: I divorced my wife on grounds of desertion and would like to know if she can claim part of my pension?

Answer: The divorce discontinues the marital relationship and your wife could not successfully claim a portion of your pension unless she successfully contests the divorce.

The USS North Carolina, first of the new battleships to get into action in this war and veteran of many victories in the Pacific, has been put in the reserve fleet to be kept against future emergencies.

The record time for building a battleship was 34½ months—the time it took to build the USS Iowa.

"AS I REMEMBER CAMPBELL"

Campbell's oldest resident to live here continuously, Charlotte W. Sutter has written the following narrative of early days here especially for The Campbell Press.

This first-hand account of one of California's early natives and settlers will be published in a series as space permits. It is part of our Campbell celebration of the gold centennial year.

By CHARLOTTE W. SUTTER
(Continued from last week)

The first building in Los Gatos was Forbes mill. In 1850 and 1870 a joint stock concern was incorporated and was known as the Los Gatos Manufacturing Company. A two-story woolen mill was erected and operated successfully until it burned in 1872, but was not rebuilt. The flouring mill continued operations, changing from stones to rollers in 1883 and turning out a product of uniform excellence. The county settled up more rapidly than the town. Wild cats were so numerous in the hills that they gave the town its name. With the growth of the lumber and wood industry, Los Gatos became the stopping place of the teamsters. When I attended school at Cambrian, many wagons and trailers went by heavily loaded with lumber drawn by 6 to 8 horses, sometimes driven by jerk line, sometimes by reins. The lumber was hauled to San Jose and to Alviso where it was shipped by boat to San Francisco. Although Los Gatos kept along in the march of progress, its real prosperity dates from 1877. Early in the year the Southern Pacific Coast Railroad was completed to the town. Another important highway of the county is the Mount Hamilton road, leading to the famous Lick Observatory.

The Campbell Library Association was formed early. For many years Elijah Janes acted as librarian. The Country Women's Club drew up its constitution in 1905 and soon erected a little building to house the library and serve as a meeting place. Their outstanding gift to the community in 1923 was the present beautiful library building.

In 1890 J. Blaine, Sr., began publishing the first weekly paper in Campbell. It was next edited by his son, Frank, who also had a photograph gallery. E. C. Hurlbert next took it over; then H. C. Smith purchased it in 1912 and condensed its title to The Campbell Press. Edna Smith edited the paper after her husband's death. Dr. C. N. Cooper, the first physician, arrived from Illinois in 1890. He probably had closer contact with the people of the town and surrounding country during the next 25 years than any other man. The Campbell Fruit Growers Union was purchased by George E. Hyde in 1909 and under his management it was converted into a cannery which operated for many seasons.

My brother, Charles Willett, opened the first store in 1886. The Farmers Union later purchased it, and Mr. S. R. Wade was manager for many years. The organization later discarded the chain policy, and Field's store now occupies the site. My brother, Luther, bought a farm in Ceres.

When the first experimental orchards proved successful, hundreds of acres were quickly set out to all kinds of trees. My mother set out 30 acres of peaches and prunes and about 500 apricot trees. Some of the fruit sold fresh and some dried. The Fruit Growers Union, a cooperative enterprise, was early organized and reputed to be the largest fruit drying establishment in the world. There were several acres of ground used for sun curing the fruit.

The Navy Department has retained professional color consultants to work out functional applications of color for equipment, hospitals, supply depots, ordnance plants and other activities.

Value of farms (land and buildings) in San Francisco in 1945 was $1,078,400.

Cognac is so called from a town of that name in Southwestern France.

Troop 31 Earns Praise at Show

Troop No. 31, Boy Scouts of America recently participated in the county-wide merit badge show held in San Jose Civic Auditorium. The theme chosen by the troop was cooking and the boys really built fires on an elevated fireplace, (to save your back, thank you). Then they cooked and served samples of a variety of items including stew, cookies, gingerbread and beans.

The affair was a huge success and the troop has received many compliments from all parts of the county. Those assisting in the preparation of the food were Scouts Noel Whaley, Marlowe Windbigler, Bill Plymale, Gerald Gilliam, Leon Madden, Bob Dalzell, Bob Leedum, Tom Hitchman, Tommy Gilliam, Jay Martin, Hubert Vargus, Dariel Martin, Eugene Vargus, Cliff Smith, Bob Pierce and many others.

The Troop Committee has just been reorganized for the following year with these men in committe assignment: Scout Master, Larry Cowper; secretary, Howard J. Smith; advancement, R. H. Ledum; chairman, Glen Robinson; treasurer, health and safety, Harry A. Smith; committeeman at large, R. H. Carlson; camping and activities, E. H. Hodges, R. S. Kilpatrick, F. L. Gilliam.

Latest figures show that there are 1,924 Indians in the United States Navy.

Final Marketing Conference Set For April 30

The last in the series of marketing meetings will be held Friday evening, April 30, 8 to 10 p.m.

These meetings have been a request of Santa Clara County growers and in cooperation with the Agricultural Extension Service and George B. Alcorn, Agricultural Extension Service Marketing Specialist, headquartered at Berkeley, have been arranged to help those county growers who wish to learn some of the fundamentals of marketing.

Speaker for the final meeting will be Professor Sidney S. Hoos, Associate Agricultural Economist in the Experiment Station, and will speak on "Our Agricultural Policy."

The meetings are being held in the Science Building auditorium, Room 112, San Jose State College.

L. C. Barnard, Farm Advisor, says that there will be ample time at the end of the meeting for questions and answers.

Sanitation District Plans Explained By Engineers

(Continued from April 8)

The present drought condition emphasizes the necessity for conservation of water in the Santa Clara Valley. Therefore consideration has been given to construction of a sewage treatment plant within the proposed Sanitation District in order to use the reclaimed water for agricultural purposes. Lack of a treatment plant site with adequate isolation from habitation, the necessity for pumping a portion of the sewage to a higher elevation, the prohibitive unit cost for treatment and the cost of facilities for utilization of this water on a twenty-four hour basis the year around makes such a solution most uneconomic. On the other hand it appears both feasible and economical to construct facilities to utilize the large volume of water which will be available at the central sewage treatment plant for agricultural purposes and to replenish the ground water supply. Development of the Reber Plan which would transform San Francisco Bay into a fresh water lake would provide a natural storage basin which would lessen the cost of utilization of the reclaimed water. It would also provide for further conservation of the water by permitting appropriate timing in irrigations. In response to the request of the Campbell Sanitary District and the Town of Los Gatos the Directors of the Santa Clara County Water Conservation District have directed the Chief Engineer of that District to make a thorough study and report on the economics of the use of the water which may be reclaimed at the proposed central sewage treatment plant.

The area under consideration includes communities and areas of high population density together with intervening areas of orchard lands. Subdivision developments are rapidly encroaching upon the remaining orchard areas. Land values have therefore increased beyond economical limits for farming purposes, and much of the land is being held on a purely speculative basis. Obviously such a large area will not be completely subdivided and built upon immediately upon construction of the sewerage system, but such construction will provide for the orderly development and growth of the area. It therefore becomes necessary to study the relative values of the public and individual benefits before determining a policy with respect to the financing of the proposed sewerage project.

It is generally accepted that governmental activities creating community wide benefits are properly supported by taxation and that those yielding special benefits to certain individuals or properties should be supported by charges levied against the individuals or properties so benefited. It is difficult to distinguish between those portions of a sewerage system that create widely diffused public benefit and those that yield individual benefits. Both construction and operation are essential elements in the creation of public and individual benefits, and the contribution to public health may be attributed to the operation of the entire system rather than to any part of it. If costs are to be apportioned soundly it becomes necessary to determine the relative values of the benefits themselves. Accordingly it has been assumed that the community as a whole should support the financing of the trunk sewerage system, but that all other costs should be assessed against those who benefit directly by the use of the facilities.

The construction program for trunk sewerage facilities will necessitate issuance of $985,000 in general obligation bonds. On the basis of an increase in population of fifty (50) per cent during the life of the bonds the average tax rate required to retire these bonds will be less than fifteen ($0.15) cents per hundred dollars of assessed valuation of real property. The tax rate for the first year will be approximately twenty-five ($0.25) cents per hundred dollars of assessed valuation of real property.

Although it may be necessary for the District to vote general obligation bonds in the amount of $240,000 to pay for its share of the cost of the construction of the sewage treatment works, there will be no charge levied against farm lands for construction of the sewage treatment plant, its administration, maintenance or operation. The cost of financing the construction of the sewage treatment, together with its administration, maintenance and operation, and all other incidental costs of the District will be borne by those connected to and using the trunk sewers and treatment facilities, at a cost estimated at fifty ($0.50) cents per month or six ($6.00) dollars per year per residence. Industrial and commercial establishments will be required to pay their proportionate share of the cost of construction, maintenance, administration, and operation of the sewerage facilities on the same basis as residential users of the facilities.

From a health and welfare standpoint, elimination of unsanitary conditions and potential pollution of the ground waters throughout the proposed district must be solved on a community wide basis. The project as herein outlined was designed to spread the costs in accordance with the benefits received. The farmer by his participation will have a guarantee and right of connection to the trunk sewer whenever he so desires, and sufficient capacity will have been provided in the trunk sewer to carry all of the sewage from his property when it is completely built up as residential property. By his payment of an average tax of less than fifteen ($0.15) cents on the assessed valuation of his real property he will help insure a normal, healthy growth of the community of which he is a part.

It will be necessary to construct collection sewers to serve properties which are not now connected to a sewer or which will not be able to connect directly to a trunk sewer. Collection sewers will be constructed only where requested by the owners of the property to be benefited. Construction of collection sewers under assessment proceedings requires the approval of the owners of more than fifty (50) per cent of the property benefited by the sewer. The cost of such collection sewers will vary throughout the District depending on the topography, type of pavement in the street, and similar factors. Recent experience on similar construction indicates that the cost of collection sewers constructed under assessment proceedings will be from one dollar and fifty cents ($1.50) to two dollars and fifty cents ($2.50) per front foot of property served on the relatively flat subdivided areas. In hilly areas where both sides of a street cannot be served by a single sewer because of the difference in elevation the cost per front foot will necessarily be greater. The cost of construction of a house sewer lateral will cost from one dollar and twenty-five cents ($1.25) to one dollar and fifty cents ($1.50) per foot. The cost of construction of the collection sewer and the house lateral from the center of the street to the property line may be paid for in cash or it may be paid along with county taxes over a ten or fifteen-year period at the option of the owners of the property.

For a residence on a lot having a frontage of sixty-five (65) feet along a street which is sixty (60) feet in width, for which the assessment for collection sewer construction is two dollars ($2.00) per front foot and the assessment for construction of the house lateral is one dollar and fifty cents ($1.50) per foot, the average annual payment would be approximately seventeen dollars ($17.00) per year. If the entire amount is paid along with county taxes over a period of fifteen years.

In addition to the average fifteen cent ($0.15) cent tax for construction of the trunk sewers, and any assessment for construction of collection or house sewers, each residence which is connected to the sewer will be assessed fifty cents ($0.50) per month or six dollars ($6.00) per year. This amount will be sufficient to provide for financing construction of the sewage treatment works and all other costs for administration maintenance and operation of the District. For a residence which is assessed at $2000.00 the average tax for trunk sewers would be three dollars ($3.00). This tax together with the six dollar ($6.00) charge for other costs will result in a total payment of nine dollars ($9.00) per year for the average home which is connected to the sewerage facilities.

Upon presentation of a petition requesting formation of the Sanitation District the Board of Supervisors publish notice of a hearing to consider any requests for modification of the District Boundaries. Upon final determination of the boundaries an election will be held and if approved by fifty per cen (50) of the voters the District will be formed. Before work can be started it will be necessary to vote general obligation bonds to finance the construction. An affirmative vote of two thirds (2/3) of the voters will be required for approval of these bonds.

4-H CLUB NOTES

Adopting their year's work program was the main item of business at the Union 4-H Club meeting April 16. The meeting was conducted by Gerald Polen, president of the club. Other items of business taken up for discussion were the club's money raising event and their project tour.

After a lot of discussion by the club members and their parents it was decided to have a series of events. A committee was appointed to work out the plans for these events. Daleen Peters was appointed to head the committee. Other members put on the committee are Delora Crofut, Kenneth Jessen, and Ray Murphy.

The club members indicated a desire for a project tour so they could see what the other fellow's project looks like. After a short discussion period the president appointed a committee of three, headed by Claude Peters to make the arrangements for the tour. Janette Polen and Jean Peeveyhouse are the other two members on the committee.

After the business meeting George Shambrook, Assistant Farm Advisor, of the Agricultural Extension Service, explained the 4-H Club record book to the club members and their parents. Shambrook stressed the importance of keeping the book up-to-date, and its simplicity.

Refreshments were served by the mothers of the club.

Incorporated Cities Will Receive Millions

The State of California will play Springtime Santa Claus to the cities and counties to the tune of $55,779,235 during the month of April, when State Controller Thomas H. Kuchel will affix his signature to warrants totaling that amount for the 58 counties and the 303 cities of the State.

These monies will come from: Highway Users Tax Fund, counties $7,076,292, cities $4,178,813; Motor Vehicle License Fee Fund, counties $6,974,319, cities $6,974,-319; School Fund, to counties for elementary schools, high schools and junior colleges, $17,263,037; Alcohol Beverage Control Fund, cities and counties $1,882,455; and Aid to Aged, Blind and Children (estimated), counties $11,430,000.

This money comes from the people of California. The State acts as a collecting agency and returns to each locality and district a proportionate share.

Were Campbell incorporated, our share would be returned directly here to be administered as our local government might deem wise.

The Mission olive, brought to California by the padres about 1769, is the most important pickling and canning variety and almost the only one used here for oil.

The first French prune trees in California were grown by Louis Pellier of San Jose, from grafts obtained in France in 1856.

On Her Day Give Mother
one, several, or a complete set of
Presto COOKERS

MOTHER'S DAY, MAY 9th! This year, give her *one, several, or a complete matched set* of beautifully designed, easy, safe, wonderful-to-use PRESTO COOKERS. It's the gift that will give Mother more time for relaxation and for the enjoyment of *her* family.

Cooking is a pleasure in kitchens equipped with these remarkable utensils. More nourishing, more appetizing foods can be prepared in about one-fourth of ordinary cooking time. And, PRESTO Cooking saves money on food and fuel bills.

Yes, this year, by all means, give Mother *one, several, or a complete matched set* of PRESTO COOKERS. Millions of homemakers call them their "*best-kitchen-helpers*," for hi-speed cooking and safe, pressure canning.

6-quart MEAT-MASTER
4-quart COOK-MASTER Choice of two models.
8-quart VEGE-MASTER Choice of two models.
NATIONAL PRESSURE COOKER-CANNER 16-quart 12-quart

Complete, illustrated instruction and recipe books for both cooking and canning are included with all PRESTO COOKERS and NATIONAL PRESSURE COOKER-CANNERS, at no extra cost.

PRESTO COOKERS and NATIONAL PRESSURE COOKER-CANNERS are on sale at:

West Campbell Shopping District Awards Prize

MRS. IVY M. ROST, 55 N. Second street, was officially presented the $50 purchase bond by Ray Fish on behalf of the merchants of West Campbell Shopping District after her entry was selected as a name for the group. Some 400 suggestions were received during the contest. —Photo by Allen

Local Dog Wins at Show

"Velvet and Lace," Dalmatian female owned by Mrs. Virginia H. Ammons of the Kal Dal kennels on West Campbell avenue won the local best Dalmatian prize in the San Jose dog show Sunday. She also placed third in the open regular Dalmatian female class and took the club's rosette in the best non-sporting variety group.

The local dog is only 19 months old and this is her first show. Mrs. Ammons plans on taking her through the rest of the dog shows and stated that "Velvet and Lace" shows champion material. She is sired by Saturn Mischief Pride ex Kal Dal Punch and Jookie. Saturn Mischief Pride is owned by Mary Willson of San Jose.

Chile's coastline is about 2485 miles in length, the average width of the country being 110 miles.

Grange Will Hear Sanitation Expert

Don Reinoehl, of Palo Alto, consulting engineer for a number of bay area cities, will speak at a meeting of Orchard City Grange 333, at 8:30 p.m. April 27.

The public is invited to hear Mr. Reinoehl, who is an authority on sanitation problems. His topic is "County Sewage Disposal in District 4 of the Hyde-Sullivan Plan."

The battleship USS Washington, flagship of Admiral Lee in the great sea victory in the Solomons that helped save Guadalcanal five years ago, has joined the "Mothball Fleet."

Fresh and salt water used at Steinhart Aquarium, in San Francisco's Golden Gate Park, is stored in concrete underground reservoirs of 100,000-gallon capacity.

Phi Beta Kappa Honors Six Campbell Seniors

Six outstanding seniors from the Campbell Union High School will be among those to be honored by the Santa Clara Valley Association of Phi Beta Kappa, when the society holds its annual spring meeting at 7 o'clock Wednesday evening, April 28, at the parish house of Trinity Episcopal Church, Second and St. John streets, San Jose.

Student guests, who will be received at 8 o'clock are chosen from those with the highest scholastic achievement in the various high schools and colleges in the county. At 8:30 o'clock a radio program will be recorded with several of the student guests introduced and interviewed. The recorded radio program will be broadcast at 10:30 p.m. Dr. Harold P. Miller has charge of the program.

Those invited from the Campbell Union High School include Lorraine Bese, Vic Corsiglia, Katharine Fuller, John Giacomazzi, Richard Suezaki and Bernadine Thompson.

First on the agenda for Phi Beta Kappa members will be the 7 o'clock business session, when new officers will be elected. Henry G. Hill is nominating committee chairman, and present officers include Dr. Mark Rifenbark, president; Mrs. Charles E. Luckhardt, vice president; Dr. Miller, secretary; and Donald Goldeen, treasurer.

Mrs. Luckhardt is general chairman of the meeting, assisted by Miss Elsie Wood, reception; Miss Rita V. S. Szekeres, publicity; Mrs. Alfred Gordoy and Dr. Josephine Chandler, decorations; and Mrs. Douglas M. Neilson, refreshments.

During the evening a meeting will be held of the high school advisers of the California Scholarship Federation.

The Secretary of the Navy rates a 19-gun salute upon arrival and departure at Naval activities.

The U. S. Naval Reserve now contains more than 900,000 officers and men.

LEGAL NOTICES

Complete Bus must conform to all legal requirements.

The Board of Trustees reserves the right to accept or reject any or all bide.

LLOYD GARDNER,
Clerk of the Board
April 22-29 May 6-1948

Confers with Local Ranchers

Jonathan Rowell, Redwood City attorney, who is running as the Roosevelt Democratic candidate for Congress from the Eighth Congressional District, last week received the official endorsement of San Jose Local 309, Sheet Metal Workers International Association, according to James L. Madriago, recording secretary for the union.

Mr. Rowell is addressing San Jose audiences of labor, farmers and veterans April 19 through 28 to bring his Congressional platform to the public. Santa Clara farmers on April 19 met with Mr. Rowell to discuss farm problems relating to water, power and soil conservation.

Rowell conferred on the Civil Rights planks of his platform April 21, 8 p.m. in Dunne Hall of the Civic Auditorium, San Jose. A subsequent meeting of labor groups will hear the candidate on April 23 at 8 p.m. in Room A, Civic Auditorium, San Jose.

Later meetings have been scheduled for discussion of veterans' problems, housing, unemployment insurance, old age benefits, child care, education, inflation and problems of small business.

Navy's Organized Air Reserve Plan Demonstrated in Flight to Oakland

The Campbell Press was represented Sunday on a newspaper tour of Naval Air Station, Oakland, by Carrel E. Williams of the Press Staff.

Navy's program to "Keep hot pilots hot," by means of the organized air reserve and volunteer air reserve was demonstrated to the group of newspapermen and women Sunday when they were guests of the Monterey aviation unit of naval reserve of which Lt. Hugh Hackett is commanding officer and Lt. S. . Nickele is public relations officer.

The group was flown from Monterey to Naval Air Station, Oakland, in an R4D twin-engine transport plane, taken on a tour of the air reserve section and briefed on the reserve program by Lt. Comdr. F. E. "Jake" Tonrey, public relations officer, NAS, Oakland.

Organized in March 1947 at Hotel Del Monte as part of the surface unit of naval reserve, the Monterey volunteer unit has progressed to the point of becoming an activated unit within two months. Should plans be realized, planes and equipment will be assigned the Monterey naval auxiliary air station for use in the volunteer unit training program. Planes will be AT6 (SNJ) low wing, two-passenger monoplanes.

The Monterey unit comprises 56 officers and 56 enlisted men. It is the first unit in the United States attached to a naval air station.

Mission of the program is to keep pilots and crewmen refreshed in training. The orvilians who are bluejackets and marines in their spare time. They get paid for each training session and are eligible for two weeks' training annually with pay. Training sessions are held on week-ends. Members who cannot attend regular organized sessions, but pledge themselves to take the same training when they can, make up the volunteer air reserve. They do not receive pay except under special conditions.

Guests of the reserve on the trip were. Star Ellis, Pacific Grove Tribune; Carrel Williams, Campbell Press; Glen Wright, Salinas Californian; Charles Killan and Romain Wetmore, What's Doing magazine; Cy Collins, International News Service, Santa Cruz; Dall Edgar, Carmel Pine Cone.

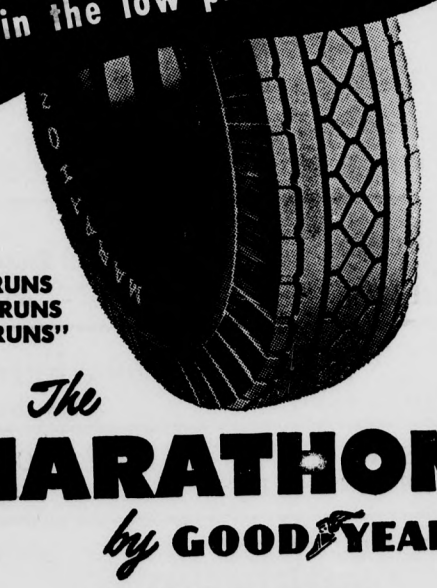
It's back!! The tire that sets the pace in the low price field!!!



"IT RUNS AND RUNS AND RUNS"

The MARATHON by GOODYEAR

ONLY $12.40 plus tax 6.00x16

Marathon — the famous money saving tire is back in the Goodyear line — and a better "buy" than ever! Back with the economy, long mileage and safety — the extra value for your dollars that made Marathon the favorite of millions of motorists before the war . . . back with more and stronger cords in the rugged tire body for even greater protection against tire failure. Look at these features . . .

LONG WEAR — New specially treated cords and newly compounded rubber make Marathon the tire that "runs and runs and runs".

NON-SKID SAFETY — Those famous Goodyear diamond blocks really grip the road. You get safer, quicker stops — especially on wet, skiddy roads.

"COMPACTING TREAD" — Inflation forces the sidewalls out, compacts the tread. This reduces tread wear, punctures, bruises and breaks.

GUARANTEED FOR LIFE! Every Marathon tire is backed by a guarantee — not for 12 months or 18 months or 24 months, but for its full life without time or mileage limits.

For a really sensational "buy" in tires, see us for Marathons today! And remember "new tubes save tires".

Signs of Times

(Continued from page 1)

it works. The money now goes to the county, and as most Campbell citizens can attest, the county is not spending it back in this area. The only way Campbell is going to get its own money back is through incorporation. The amount of $12,495.00 is now due the unincorporated areas in the county. It is not likely that Campbell will receive any of this fund. Certain powerful opponents to incorporation will see to that. (Or should they be dignified with the term "powerful?").

x x x

In contradiction to a published story in the San Jose Mercury Herald last Wednesday that an incorporation election was to be held "all in fun," members of the local Chamber of Commerce at their Wednesday meeting went on record to a man in proclaiming "'taint so."

The item provoked mirthful laughter after its reading by Secretary Forrest Reese. Many of the members who have labored long and hard for the cause of incorporation didn't see the joke, others considered it a gag of some kind. Few could take the matter seriously, since it has been so obvious that the one serious centure of the year that the Chamber has undertaken has been that of incorporation.

A resolution was passed that the Mercury be notified of the fallacy of considering the matter just a lot of fun.

Ira Grim, past president of the Chamber, and the leading factor in securing new street lights for Campbell suggested that the P. G. and E. be requested to turn on the new lights at this time. Mr. Grim pointed out that the lighting district has been paying the increased rate for the added wattage of the new lights since last June but has yet to enjoy the use of the new facilities.

A committee report by Director Ben Strong suggested that the Chamber meet twice monthly at 6:30 for dinner meetings instead of the present monthly noon meeting. The report was adopted for a three month trial period. First meeting under the new plan will be 6:30 May 5.

re-zoning consideration of the land. The next hearing is scheduled for May 19. The Planning Commission is reserving the right to specify type of architecture, facilities, and in general will make a complete and thorough study of the practicability and possible effect on the community of the venture. No opposition has as yet been receoived by the Commission to the project.

LETTERS AND COMMENTS FROM CANDIDATES AND READERS

BY
Council Aspirants

(Continued from page 1)

ities places a limit of $1.00 per $100.00 assessed valuation. If the council cannot make up a balanced budget on that rate, it must hold an election and ask the people to grant a raise. If this fails, there are of course other sources of revenue to consider, such as, inside and outside business license fees, traffic fines and other violations, gasoline tax and state subventions, etc.

2. Taxpayers will not have to pay the $1.00 city tax rate over and above their present tax bill. The city absorbs county functions operating here at present; so what we are concerned with is the net tax we would pay after that absorbtioon. A study of other incorporated cities shows that in any city where the complete tax is very much more than our unincorporated Campbell taxes, it is because of bonded indebtedness and not because of routine maintenance.

3. The condition of our streets is brought to our attention at great length, and we admit that they are in pretty bad shape, but there is no law that we have to repave them all at once. We can contract the work out as funds are available.

Some people are against incorporation because of fear that we will be a city council that will spend the money "high, wide and handsome." Also they fear that the council will promote a big bond issue and run the city into big debt. Be it known that these people who are so fearful regarding their taxes have representation on this panel of candidates. The gentlemen who wrote the article last week, if any of them are elected, are the very guarantee that taxes would not skyrocket because of any administration blundering. All of us candidates are owners of property and would certainly feel the extra burden. Also no bond issue can pass without a two thirds vote anyway. So again, what can we lose?

We also believe that there are larger matters to consider than the matter of a few extra dollars. There is such a thing as being "penny wise and pound foolish." We always hear talk that we ought to have a year-round pay roll in this town. But these county boards have turned a deaf ear to all the exponents of progress and have listened only to those interests who would keep Campbell a "sleepy little town." Their zoning policies are all working that way, and the fact is evident to anyone who has sat through any of these hearings. Progress can only be obtained by establishing our independence and home rule. We therefore heartily endorse incorporation.

EARL BUCK

Editor's Note—R. Lewis Brown is out of town and unavailable for comment.

BY
H. M. Shadle

(Continued from page 1)

Small cities must encourage trade, not drive it away.

As an incorporated city we would have prestige and personality. If we remain just a part of the unincorporated area, we really don't exist as a live, going community.

I believe we should republish and re-examine the Lynch report. It gives facts and figures that we may have forgotten.

Thanks for this space in your valuable paper.

Respectfully,
HERBERT M. SHADLE.

BY
John D. Blaine

(Continued from page 1)

just as the fate of our schools is in the hands of our school boards. Candidates for our Council look good. After we elect 'em heaven help 'em. The public they serve won't.

JUDGE JOHN D. BLAINE

Of the more than 40,000 Naval Officers now on active duty, more than 13,000 or approximately 30 per cent, are qualified as naval aviators.

Domestic and foreign passenger and freight air lines operate from San Francisco's municipal airport in San Mateo County.

BY
W. C. Bohnett

through special taxes and fees and bond issues. Old established cities are finding it necessary to go beyond the limit of regular taxation allowed by law, with many special taxes, just to keep going. We would have the additional burden of organizing and setting up the new governmental body at the current inflated prices.

We should not kid ourselves or let anyone kid us regarding this matter. Taxes will be higher under incorporation and in order to get any improvement over our present services taxes will have to be a lot higher. A very high tax rate is decidedly detrimental to a community. The question is—are we willing to pay the price.

W. C. BOHNETT
Respectfully,

Let Campbell go to the polls this coming May 25 and vote to incorporate their town. The matter first came up, with the same old pros and cons on February 24, 1906. Some said "it means putting in sidewalks and sewers, it will break us." . . . others said "Look at Los Gatos and Mountain View, they're getting along right smart." So there you have it. Human nature hasn't changed one iota.We hear the same identical talk today. 'Cept more of the pro than the con. VOTE YES!
